

§ 327.31 Shoreline management fee schedule.

A charge will be made for Shoreline Use Permits to help defray expenses associated with issuance and administration of the permits. As permits become eligible for renewal after July 1, 1976, a charge of \$10 for each new permit and a \$5 annual fee for inspection of floating facilities will be made. There will be no annual inspection fee for permits for vegetative modification on Shoreline areas. In all cases the total administrative charge will be collected initially at the time of permit issuance rather than on a piecemeal annual basis.

AUTHORITY: Sec. 4 of the Act of Dec. 22, 1944, 58 Stat. 889, as amended, (16 U.S.C. 460d).

SOURCE: 42 FR 59076, Nov. 15, 1977, unless otherwise noted.

§ 328.1 Purpose.

This regulation, in connection with the modification of the present prohibition of seaplane operations by the amendment to § 327.4 of title 36 of the Code of Federal Regulations, is designed to provide uniform policies and criteria for designating Corps projects, or portions thereof, at which seaplane operations are prohibited or restricted; and to continue to protect the integrity and all authorized uses of such projects and the safety of users of such projects. As used in this regulation, *projects* or *Corps projects* means water resources development projects administered by the Chief of Engineers.

§ 328.2 Applicability.

This regulation is applicable to all Field Operating Agencies having Civil Works responsibilities.

§ 328.4 Policy.

(a) The objective of Corps of Engineers resources management is to maximize public enjoyment and use of the lands, waters, forests, and associated recreational resources, consistent with their aesthetic and biological values. Such management includes efforts to preserve and enhance the environmental amenities that are the source of the recreational value associated with the project and to allow such other new and innovative uses of the projects that are not detrimental thereto.

(b) Seaplane operations at water resource development projects administered by the Chief of Engineers may involve hazards including, but not limited to, conflicting recreational activities, floating debris, and underwater hazards, which may be accentuated by the normal fluctuations of water levels.

(c) Seaplane operations may be prohibited or restricted at such water resource development projects, or portions thereof, for a variety of management reasons. Prohibiting or restricting seaplane operations in certain portions within a project in no way implies that safety hazards to seaplane operations or to other recreation users may not exist in other portions of such project.

(d) The operation of a seaplane at Corps projects is at the risk of the plane's owner, operator, and passenger(s). The responsibility to ascertain whether seaplane operations are permitted, prohibited or restricted at
